# AI Community of Practice Online Platform

The information below will allow a member of the NC Community College System to join the AI Community of Practice.

Create a free CORD Moodle Account

1. Access the website: https://www.ncssc-pd.org/login/index.php
2. Create a free account by scrolling to the bottom of the page and clicking "Create New Account"

3. The user will receive an email from CORD. Be sure to check your spam folder to verify your account information.

Self-Enroll in the AI CoP Platform

1. Once the account has been created, simply access this link to self-enroll into the AI Community of Practice eLearning platform.

https://www.ncssc-pd.org/course/view.php?id=29

Participate

1. Subscribe to Topics Relevant to your role.
2. Users will receive email notifications when someone posts into specific discussion forums.
3. Users should post the work they are doing within the forums. The Community of Practice is only useful if we share what we are doing. Things to consider posting:
   - Questions
   - Policy or Guidelines within role or discipline
   - Super Prompts
   - Lessons learned and reflection on AI integration.
