

How do I...

Set the Entering EFL of an Adult High School Student

BACKGROUND

As part of a significant system upgrade for 2022, Benchmark ITS implemented a series of new features and modules designed to improve system performance and functionality. Among these is a completely new feature available to set an Entering EFL for Adult High School students who are not taking traditional NRS tests as part of their participation in an NRS Registration.

ADVANSYS currently requires that Adult High School students missing an entering EFL must have an NRS Registration with the contact type ABE/ASE **and** an Adult High School registration type otherwise errors may occur attempting to set the entering EFL with only an AHS type of registration.

Menu Options

AHS student Entering EFL will be set via the Transcript option in a student Snapshot Profile.

1 Student Management Tab/Transcripts Link

ABE/ASE students may have an entering EFL assigned to them via the transcripts option in their Snapshot Profile.

Click on Transcripts to begin the process.

Menu Options: Change/Add Classes Print Course Schedule Attendance History Transcripts / Print Transcripts Outcomes Add/Edit Family Add Case Note Add Basic Assessment Request Asset

2 Set Entering EFL from Transcript Page

Select the option Set Entering EFL at the top of the transcript page provided the student has transcript information previously entered. The Entering EFL will be based on the number of credits the student has achieved.

| Graduation Requirements (5 of 22 co | mpleted) | | | | | | |
